Subject: Re: Last Update per O&M Plan

Both my management and USCG have asked about status..mostly related to wrapping up my paperwork. Can you give me update regarding field ops? Thanks.

Steve,

This email serves as the last update per the O&M plan. Sheen on the creek has decreased since last week. During today, they have only had to turn on the vac truck once (at 1500) for visible sheen collection. They are also widening one of the earthen damns to better capture the remaining seep.

If you have any more questions please let me know.

I am happy to provide any further updates as you wish.

Thanks,

John M. Wyatt
